

Since 2006, the SMART Community Exchange in partnership with Government Officials and Business, Finance, Academia, NGO Leaders and Professional Service Providers, has successfully helped Foreign Business Investors to enter and expand their business operations in the U.S. and international markets.

Leveraging Partnerships to Advance SMART GROWTH

Through Partnership with the City of Atlanta and SMART City Expo Atlanta, we are including the first U.S. edition of Smart City Expo World Congress, held annually in Barcelona, delegates, participants, and partners will engage with top government officials, industry leaders, and the foremost members of academia and NGOs while experiencing cutting edge demos and activations at a world class expo and community day. All delegates will have VIP access to the expo and networking events for high level connections with SMART City Leaders.

SMART Gateway City Trade Missions

We bring foreign decision-makers to the United States to learn about U.S. business culture, business opportunities, and introduce them to key business contacts. These strategically planned visits in SMART Gateway City locations present excellent opportunities for both international and U.S. stakeholders to achieve business goals and establish bilateral trade, investment, and cultural exchange relationships.

Learning Objectives:
