

Why SMARTUSA2020

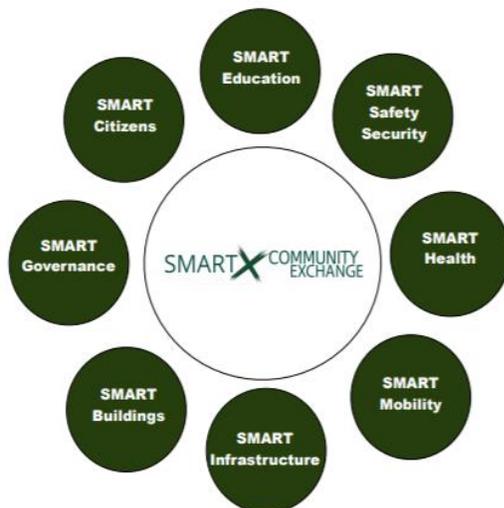

SMARTUSA2020 will provide your region and local businesses access to the [SMARTx platform](#) where you can 1. Invite trade delegates and media to your region 2. Host and participate in trade missions and events 3. Introduce your region to investors, seeking to invest in SMART projects and new technology 4. Visit SMART cities and communities to learn, meet, and build partnerships with other SMART experts and experience SMART communities in action.

OPPORTUNITY

A recent wave of funding aimed at generating SMART innovation and new jobs in U.S. cities, rural communities, and territories, has created growing interest in SMART Economic Development. We showcase SMART cities and communities, and support public and private enterprises and organizations by providing them access to information, resources, and contacts they need to foster SMART Economic Growth in their communities.
